President Eisenhower Signs River Bill

Bureau Of Reclamation Expected To Push Giant Project; Funds Not Anticipated Until 1957

Wednesday, April 11, will be recorded into the history books as one of the great days for the Upper Colorado River states. It was early yesterday morning when President Dwight D. Eisenhower signed the bill authorizing a 760 million dollar system of dams and irrigation projects in the Upper Colorado River Basin, largest reclamation authorization ever granted in a single piece of legislation.

The President signed the bill at Augusta, Ga., in his office near a golf course where he is spending a brief vacation.

"You are coming in to see one I am glad to sign, anyway," the smiling President told newsmen crowding around his desk to watch him affix his signature.

"This bill represents what I believe in — treating a whole river valley as a unit," he continued. "It recognizes that water is getting to be our most valuable resource."

President Eisenhower used several pens to sign the bill. Presumably, they will be presented to congressional sponsors of the measure.

Congressional approval of the bill encompassed years of controversy in which southern California interests raised opposition on the grounds that their area would be deprived of needed water and conservation groups fought, successfully, for the elimination of the Echo Park Dam in Dinosaur National Monument.

Funds Not Given

The authorization measure does not include funds for the actual construction work. They must be provided in separate legislation. In his January budget message, the President said that if the project were authorized, he would ask for eight million dollars to begin the work.

In Washington, Sen. Joseph O'Mahoney (D-Wyo.) said he has been "reliably informed" that the Bureau of the Budget plans to submit requests for the present session of Congress.

Sen. O'Mahoney said it was unlikely that any substantial appropriations can be cleared through the bureau and Congress before 1957. He added that he has urged priority for the Flaming Gorge dam as well as Glen Canyon dam.

Ready To Start

Reclamation Commissioner Wilbur A. Dexheimer issued a statement says the Reclamation Bureau is ready to start immediately on final designs for the project units,

PEOPLE'S CAPITALISM HOME

GLOBULAR HOUSE to start soon on an around-the-world tour to show how the average American worker lives. Tokyo, Japan will be the first stop. Then it goes to New Delhi, India. This dwelling made by United States Steel Homes, Inc., at New Albany, Ind., the housing subsidiary of U. S. Steel Corp., has been inspected by thousands, including President Eisenhower. He visited the home at the People's Capitalism exhibit in Washington, D. C. The entire exhibit, which is going on a global tour, is sponsored by the Advertising Council and the United States Information Agency of the State Department.

Druggist Is President Of Duchesne Hospital Board

NEW PRESIDENT of the Duchesne Hospital Board is B. A. Jacoby. He was elected director for two-year term last week.

The Duchesne Hospital board of directors has reorganized, naming Bernard A. Jacoby, Duchesne druggist, as president. Mr. Jacoby, who was elected for a two-year term at the annual meeting of the corporation's members held on Mar. 22, succeeds Rowan C. Stutz as head of the ten-member board of directors. The pharmacist served most of last year on the board of directors as an appointeee.

At the reorganizational meeting of the directors, Mont Poulson, Duchesne rancher, was re-named as vice-president of the board and Mrs. Bessie Kohl, civic group representative, as secretary. Mrs. Maxine W. Burdick, Duchesne County recorder, who was elected for another two-year term as director, was chosen as treasurer.

Mr. Stutz, district school superintendent, who has been serving as president of the board and business manager, will continue as the hospital's business manager.

Other hospital directors are A. Hale Holgate and Leona Cole, who have another year to serve of a two-year term; Titus Jones, Howard Powell and Mrs. Raymond Ellis, who were elected at the March meeting for two-year terms.

The board of directors is reorganized each year following the annual meeting of the corporation's members. Officers chosen from the directors group are to serve for one year.

Ray Horrocks To Act As Mayor For Duchesne City

Excerpts from the April meeting of the Duchesne city council are as follows:

Ray Horrocks was officially appointed mayor pro tem to act during the absence of Mayor Chester Lyman, who is out of the state.

Mrs. Helen Mott, Mrs. Sarah Rasmussen and Mrs. Leona Cole met with the council in regard to the moving of the irrigation ditch running in front of their property. Moved by Edwin Carman and seconded by Ray Horrocks that the council investigate the irrigation ditch to see what can be done relative to changing its route

It was voted that the water committee start to concrete the boxes at the spring, and to start with the boxes at the pipe line.

The council reviewed the State Board of Health laws regarding the use of septic tanks and their care. This law stipulates that owners of septic tanks must arrange for cleaning of these tanks and to provide for drainage. Reviewal of these laws was made following the complaint of local citizens and the notice of the State Health Department.

The council discussed procedures to close designated streets in the proposed building area for the Duchesne High School expansion program and agreed to close these streets when the school district is ready to commence construction of the building.

B. A. Jacoby, president of the Duchesne Commercial Club, met with the council relative to problems involved with minors and the club's business.

Report On School Board Meeting Issued By Supt.

A report on the April 5 meeting of the Duchesne County Board of Education has been released for publication by Supt. Rowan C. Stutz. All five members of the board were present for the meeting, the superintendent and the clerk.

The board received and reviewed a report of the district sanitary engineer, Ariel Michie, on Duchesne County school lunch centers. Generally, the reports were found to be complimentary, with recommendations for additional storage facilities.

The board approved the selling of the school site at Ioka to Mrs. Marie Benson of Ioka for $150. Approximately one acre is contained in this area. The school building was moved to the school grounds at Altamont a few years ago.

Expenditure of $34,352.48 for the March expenses, other than the teacher payroll, of the district

Moon Lake Places Transmission Line In Service

In the very near future the new 69,000 volt transmission line of the Moon Lake Electric Association, Inc. will be energized and placed in service. This transmission line extends from Rangely, Colo. to Talmage, Utah, and has extensions from the main "backbone" of the system to several area sub-stations. The transmission system provides the Uintah Basin with the latest and most modern type of service. The line was constructed to insure the entire area an adequate source of electrical power.

Sub-stations have been provided in the Jensen area for the area serviced in and around Vernal and Jensen by the Association. At present there is a sub-station in the Lapoint area which serves all of the area north of Rangely and in the Neola, Tridell and Lapoint areas.

A new sub-station has been installed in the Leota area which will also serve the areas in and around Ouray and Randlett. As a part of the latest developments, new sub-stations were also installed in the Ioka and Talmage areas. The Ioka sub-station serves the area south and east of Mt. Emmons, the Ioka and the Myton areas, as well as to take care of all the area south of Roosevelt. The Talmage sub-station serves all of the western area of the system from Altamont west and includes the Altonah, Mt. Home areas and also supplies the lines

Uranium Claims Developed In South Myton Bench Territory

Stockpiling Has Stated On Three Claims, Others Developed; Additional Companies Are Expected

It is a bit too early to make any predictions on what the Sandia Mining and Development Co., whose main office is in Washington, D. C., might develop in the way of uranium ore, but beginning last week they were opening up claims on the South Myton Bench.

According to Einer C. Erickson, chief consultant and geologist for Sandia Mining and Development Co., who is in charge of operations in the Basin, stock-piling has already begun on three claims, and executing exploration work is being done on 15 other uranium claims.

Sandia, who diversified interests in eastern and western states, purchased the property south of Myton last fall from the Two States Uranium Corp., Bountiful, Utah. This is the first time Sandia has entered the north-eastern portion of Utah They have developed a large amount of claims on the Colorado Plateau, which the Moab-Monticello area is a part.

Have Field Men

In charge of all development work in the area is M.R.A.C. Incorporated, whose headquarters are at Ruth, Nevada. This development company is applying a new geochemical technique in the Myton area to evaluate the the property.

According to Mr. Erickson, who made the announcement last Friday to the Roosevelt Standard-Uintah Basin Record, headquarters for the two companies who hope to start a uranium boom in the Basin, have been set up in Roosevelt. At least five geologists and engineers will be located in the area to direct the development testing program.

Assisting Mr. Erickson in the exploration and development work are Klaus W. Greger and Leonard Rockwell. Mr. Gregor, who will direct public relations and publicity for Sandia, reported Friday he will keep this paper informed of the progress of present operations.

Mr. Erickson indicated that several other companies in addition to Sandia who own uranium property in this area, would move into the field in the very near future, and that M.R.A.C., Inc., would do the development work for the other companies.

SELLING PLATES IN 1956 NETS $382.50 FOR COUNTY

Duchesne County received $382.50 for selling motor vehicle license plates for 1956. This amount, credited to the county's general fund, is for the sale of 2 350 of the 1956 tags. Of this number sold, 1,500 were for passenger cars and 850 were for trucks. For these 2,350 motor vehicle license plates, Duchesne County car and truck owners paid a total of $25,792.00.

Payment to the county from the state for issuing these plates was on the basis of 25¢ each for the first 100, 20¢ each for the next 400, and 15¢ each for 1,850.

Leland Wright, county treasurer, handled the issuance of motor vehicle license plates in Duchesne County for 1956. This work was in addition to his duties as treasurer. He received no extra salary for this added duty assigned to him by the county commissioners.

TWO NURE'S AIDS

Nurse's aids employed by the Duchesne Hospital are Mrs. Arda Ames of Altonah and Mrs. Wilma Williams Randall, formerly of Strawberry.

LION CARNIVAL IS PLANNED FOR FRIDAY, APRIL 20

Another exciting event is being planned by the Duchesne Lions Club on Friday, April 20, where every family can enjoy a wonderful evening's entertainment together as a family group.

This will begin with a Chuck Wagon dinner, followed by a Carnival and dancing for the balance of the evening. There will be bingo games, as well as many others, with plenty of prizes.

Funds from this event will go for the new hospital. Come and bring the whole family. Adults, 75¢; children, 50¢.

Time and place, will be Duchesne High School, at 7:30 p.m.

75th Birthday Is Observed By Effie Thompson

Mrs. Effie Thompson of Duchesne, observed her 75th birthday at her home Saturday and Sunday. Callers at her home during the weekend included a daughter, Mrs. Garcia Olsen; a granddaughter and great-granddaughter, Mrs. Alberta Olsen Smith and Floydene from Salt Lake City; Vernon Keel, a grandson, from Price; a son and daughter-in-law, Mr. and Mrs. George Gray, from Murray; her brother and sister-in-law, Mr. and Mrs. George Herbert Lang, of Utahn. Another son, Bud Thompson, and his four-year-old son, Randy, lives with Mrs. Thompson. She is hale and hearty.

Mrs. Thompson has been handicapped for the past ten years, since she fell and crushed bones in her left hip. She is able to get about with the aid of a walking cane to do housework for herself,

(Continued on page 2)

Duchesne Hospital Will Receive Canned Foods For Kitchen Use

Commercially - canned foodstuffs are being collected for the Duchesne Hospital kitchen from homes in this area.

A hospital representative will call at the home of any person who wishes to give commercial canned vegetables, fruits and meats, and other staples such as macaroni and spaghetti, rice, raisins, jello, etc.

Persons who have food to give to the hospital are asked to call the hospital or one of the board members, or leave the foodstuffs at the hospital.

Wheel Chair, Crutches Fill Many Local Needs

A recently acquired wheel chair and pair of crutches by the Roosevelt American Legion, Post No. 64, have been a great aid to several people who had been injured and needed such a service during their period of convalescing.

According to James Milligan, post commander, the chair and crutches came as the result of the post's participation in a magazine selling campaign of Capper's Publications, last year. The presentation by Cappers was made some time ago and since the post received them, at least three different people have used the items without obligation for 30 days.

According to Mr. Milligan, the wheel chair and crutches are available to anyone in Duchesne county for a 30-day period, and if arrangements are made, the equipment can be re-assigned to the same person for a longer time.

Anyone desiring to use the chair or crutches should contact the post commander or any members of the Roosevelt Legion post.

THEY AID THE CONVALESCENT—James Milligan, right, commander of the Basin Post 64, American Legion, and W. S. (Bill) Murdock, past Utah Department Vice-Commander, display a wheel chair and crutches presented the local post recently to aid the injured while convalescing. Custody is maintained by the Legion and those needing it should contact the commander.

Final Rolls Of Ute Indian Tribe Are Published; Groups To Divide

A Complete Story Of The History Of Partition Act Will Appear In Next Week's Issue

Final rolls of the Ute Indian Tribe for the purpose of dividing 1804 members of the Tribe into two autonomous groups known as the mixed-bloods and full-bloods were published in the Federal Register on April 5, 1956. These rolls were published in accordance with Public Law 671 (83rd Congress) which was enacted at the request of the Ute Tribe to partition all the tribal assets between the mixed-blood and full-blood members and to terminate Federal services for and supervision over, the mixed-bloods.

1314 Full-Bloods

The full-blood group, numbering 1314 persons, or 73% of the Tribe, will continue operating at the "Ute Indian Tribe," a Federal Corporation under the Constitution and By-Laws and the Charter adopted in accordance with the Indian Reorganization Act of 1937.

The mixed-blood group, numbering 490 persons, or 27% of the Tribe, will take steps to organize as a corporation. At the end of 5½ years the mixed-blood group will be fully integrated into equal status with the citizens of Utah, having the same responsibilities and privileges. The full-blood group has launched a 10-year development program with concentrated and coordinated effort with the Federal Government to undertake steps toward the same direction taken by their mixed-blood tribesmen.

Received $32 Million

Public Law 671, commonly known as the Ute Partition Act of August 27, 1954, is an outgrowth of planning for social and economic development entered into by the Ute Tribe after successfully winning 32 million dollars,

Oil News

Summary of oil well drilling activity for the week ending April 3, 1956, is released by the Scout-in gdivision of Carter Oil Co.

Whiterocks, Unit No. 2 — Rigging up.

Mrs. Lillian Fleshier and son of Salt Lake spent Sunday and Monday visiting at the home of Mrs. Anna Nielsen.

BUS CONTRACTS GO TO L. & L. MOTOR FOR 4 NEW FORDS

Four new school busses are being ordered by the Duchesne County School District for delivery by the first of September. The order is to be placed through L. and L. Motor Co. of Roosevelt. The 48-passenger, units are to have Ford chasis and Bluebird bodies. Cost is $18,109 56 f.o.b. Duchesne for all four busses.

The annual bus replacement program for busses adopted some years ago by the district, called for purchase of five units; but in order to retain the present mill levy for capital outlay, Supt. Rowan C. Stutz was instructed by the board of education to cut this usual order to four units this year.

NOTES FROM DUCHESNE HOSPITAL

Mr. and Mrs. Leslie R. Wilckens, Hanna, boy, born April 5. Weight 6 lbs. 8 oz.

Friday The 13th Junior Prom Plans Completed

Theme of the annual junior class promenade at the Duchesne High School traditionally is kept secret until the ballroom is opened the night of the dance. This year, Prom night at DHS is Friday, April 13.

Junior class members are: Doyle Allen, Orin Barker, Kathryn Beebe, Shared Broadhead, RoJean Cole, Rex Davis, Jackie Foy, Viola Hayes, Guy Mayhew, Chloe Mecham, Joyce Mecham, Douglas Mickelson, Albert Mott, Coleen Pulley, Stephen Rowley, Richard Simpson, Gail Stutz, Aciel Sweat, Viola Summers, Larry White, John D. Wimmer, Shirley Young.

Four senior girls will dance with junior boys during the Promenade. They are Doris Ann Moore, Chyrl Merrell, Darlene Brady and Donna Lundgren.

Renon Christensen is directing the floor show which will begin at 10:30 p.m. Allen Bond class advisor, will introduce the class

Water Restrictions On Duchesne Water Given

Regulation for controlling use of culinary water for sprinkling lawns became effective in Duchesne April 1. City council members stated that it is necessary that this schedule be followed in order for water to be available to every wateruser.

This schedule is:

(From 6 to 8 a.m. each Monday, Wednesday and Friday) —

All citizens living west of Bridge Street and north of Main Street (NW¼ of town).

Those living north of Main St. and east of Bridge St. (NE¼ of town) and all citizens living north of the Duchesne River are to sprinkle lawns each Tuesday, Thursday and Saturday, from 6 to 8:00 p.m.

From 6 to 8 a.m. on Tuesday, Thursday and Saturday is the time scheduled for citizens of the SW¼ of town, those living west of Bridge St. and south of Main St., to use the water for sprinkling.

From 6 to 8 P.M.

All citizens living south of Main St. and east of Bridge St. (SE¼ of town) are to sprinkle lawns from 6 to 8 p.m., on Monday, Wednesday and Friday.

The order by the city council stipulates that no culinary water is to be used on gardens and no sprinkling is allowable on Sundays. Other rules include the compulsory use of sprinkling nozzles and the requirement that each wateruser is responsible for observing these rules relative to the water taps at his home.

Violations of these regulations are punishable by fine; and the city council will order meters installed at the home of violators of the 1956 water notice.

Know Your Schools . . . .

Efficient And Economical Schools . . .

By Rowan C. Stutz

HOW CAN WE ORGANIZE OUR SCHOOLS MORE EFFICIENTLY AND ECONOMICALLY?

One of the imoprtant topics of discussion at the recent Rural Education Conference was one dealing with the efficient organization of our schools. Those discussing this topic sought answers to such questions as:

(1) What are the most important responsibilities of the Board of Education?
(2) What duties and responsibilities should be assigned the Superintendent?
(3) Who should determine what is taught in our schools?
(4) Who should determine the methods by which the objectives of the school are accomplished?
(5) How can a principal use his non-teaching time most effectively?
(6) To what extent do we need district supervisors?
(7) Is the employment of clerical help for principals and teachers a justifiable expense?
(8) Should trained guidance workers be added to the school staffs?

In answering these questions the participants in the Rural Education Conference said:

(1) Question What are the most important responsibilities of the Board of Education?
Answer: The responsibilities of the Board of Education are:
a. Establish written policies.
b. Provide finances — approve a budget.

2. Question: What duties and responsibilities should be assigned the Superintendent?
Answer: The duties and responsibilities of the Superintendent should be:
a. Recommends and acts in an advisory capacity to the board.
b. Caries out the policies of the board.

3. Question: Who should determine what should be taught in our schools?
Answer: The curriculum should be determined by:
a. State Board of Education.
b. Local Boards of Education.
c. The parents and lay people of the district through (advisory councils, P-TA, and etc.)
d. Students might also participate in determining the curriculum.

4. Question: Who should determine the methods by which the objectives of the school are accomplished?
Answer: Professional Educators should determine how the curriculum should be taught, keeping in mind the needs of local situations.

5. Question: How can a principal use his non-teaching time most effectively?
Answer: Each school should have a qualified principal. This principal should have time for and be expected to supervise the instruction of his school.

6. Question: To what extent do we need district supervisors?
Answer: District supervisors should be employed to protect the investment of the taxpayers in education. Supervisors have the responsibility to train teachers and improve instruction.

7. Question: Is the employment of clerical help for principals and teachers a justifiable expense?
Answer: Secretaries in the schools should not be considered an unnecessary expense and should be employed to free the teachers and principals for more teaching-type activities.

8. Question: Should trained guidance workers be added to the school staffs?
Answer: Where possible non-teaching, trained guidance workers should be added to the school staff.

FINAL P-TA MEETING AT DUCHESNE SET FOR APRIL 16TH

The final meeting of the Duchesne Parents-Teachers Association for the current school term will be held on Monday, April 16, at 7:30 p.m. in the Duchesne High School gym, reports Mrs. Elma Lundgren, P-TA president.

An "open house" will feature the social agenda of the meeting. Faculty members will be in their rooms to greet parents who wish to chat with them, talk school problems, or individual problems relative to their child or children.

The business agenda for the Monday night meeting includes election of officers for the P-TA for the 1956-57 school term and the announcing of the results of the round table discussions held at the March P-TA meeting.

Parents will present the musical part of the program at this final P-TAmeeting of the year.

All P-TA members or non-members are invited to join in the P-TA activity Monday night — the election, the open house.

Seminary Chooses Officers For Last 1956 Term

Election of class officers was held Monday at the Duchesne Seminary of the Church of Jesus Christ of Latter-day Saints, directed by Principal Glen A. Mitchell.

Officers chosen to serve during the remainder of the term, are:

Eleventh Grade — Guy Mayhew, president; J. D. Wimmer, vice-president; Gail Stutz, secretary.

Tenth Grade — Lucinda McDonald, president; Dick Gines, vice-president; Lynn White, secretary; Arlene Wimmer, chorister; Loretta Peatross, pianist.

Ninth Grade — Ann Broadhead, president; Beryl Bates, vice-president; Thomas White, secretary; NaDene Wright, pianist; LaRae Jordan, chorister.

Seventh Grade — Vesta Hayes, president; Elaine Baum, vice-president; Ronald Ivie, secretary; Virginia Wardle, pianist; Earl Anderton, chorister.

Class elections were not held for the twelfth and eighth grades inasmuch as the enrollment in these two groups is small enough for each student to hold an office responsibility for one part of the term to the other, reports Coleen Pulley, Seminary reporter.

Term Seminary officers, sustained by the Duchesne stake presidency, are Orin Barker, president; Coleen Pulley, public relations officer; Chyrl Merrell, vice-president; J. D. Wimmer, secretary.

★ SCHOOL BOARD REPORT

(Continued from Page 1)

was approved by the board. The teacher payroll is about $25,000.00 in additional monthly expenditure for the district.

Salaries Increased

After further study and consideration, the board rescinded their March decision relative to teacher salaries in this district for the 1956-57 school term and revised the salary schedule to allow approximately a flat $100 increase in the term salary to teachers. The revised schedule raises the beginning salary from $3,200 to $3,300. Maximum salary to teachers was raised from $4,295 to $4,400. Maximum salaries are paid to teachers with 14 or more years of service to the district.

This salary schedule is the same as adopted by the Uintah School District except for the maximum salary being paid after 13 years of service.

In making this decision, the board voted to reduce the 1956-57 term teaching staff to supply money necessary for the increase granted in the teacher salary scale.

Other Appointments

Other appointments were Ken Hardy as custodian of the Roosevelt Jr. High School, to replace Byron Bowden, who was appointed as bus mechanic and maintenance foreman at the Roosevelt School bus garage. Mr. Bowden replaces Seth Asay who resigned the job effective April 1.

Jack Allred, clerk of the works for the two Roosevelt school building projects.

Performance bonds and insurance certificates from the Hansen Construction Co. and Hogan and Tingey, contractors for the Roosevelt school building projects were received.

Contract for the Tabiona building project was approved and signed by the board, with Alternate No. 3. Changes to be made in the construction, under this alternate, will be replacing wood interior partitions with glazed structural tile. This construction change will add $2,470.00 to the original contract price of $170,070.00, to Fred M. Reynolds of Price.

Faculty Changes

The following changes of faculty assignment were approved for the 1956-57 school year: Gerald Mitchell, teacher at the Roosevelt Elementary School, assigned to the principalship of the Neola Elementary School; Naomi Gilbert and Renon Christensen, teachers at the Duchesne Elementary School, assigned to the Duchesne High School staff; Keith Harmon as teacher at the Duchesne Elementary School.

B. A. Jacoby, board chairman, reported on the activities of the Utah School Boards Association, of which he is a vice-president, and the proposed school legislation for the 1957 Utah Legislature.

Supt. Rowan C. Stutz was instructed to have a survey made of the electrical wiring and lighting needs of the Neola School.

The board gave authorization to initiate a change order to restore the home economics department cabinet work in the Roosevelt Jr. High School building project, if the change order is approved by the state agencies. This change would add about $10,000.00 to the original contract of $229,601.00, awarded to Hogan and Tingey of Centerville, Utah.

The appointments of three administrative staff members for the 1956-57 school year were approved at the April meeting of the Duchesne County Board of Education.

Farrell J. Humphreys, who is now serving as district guidance director, was reappointed for the 1956-57 school term.

Mrs. LaRue N. Burgess was appointed special teacher to the academically handicapped children in the district for the 1956-57 school term. Mrs. Burgess has been acting elementary school supervisor for the district this term.

Ray Warner of Provo, has been appointed as district elementary school supervisor for the 1956-57 term.

★ MOON LAKE ELECTRIC . . .

(Continued from Page One)

which extend to Tabiona and Hanna, as well as the line which extends west to Fruitland and Currant Creek.

The modern sub-stations provide a regulated source of electric power in each of the various areas in which they are placed.

The new 69,000 volt transmission line also connects all of the generating facilities of the Moon Lake Electric Association, Inc., into one network. Most of the generating capacity is located in Rangely, Colo., but the Association also operates a hydro electric plant on Yellowstone Creek about twelve miles north of Altonah, Utah. The Moon Lake Electric Association, Inc., provides an efficient and dependable electric service for the entire Basin.

Local High School Students Will Attend U.N. Meet

Duchesne High will represent Panama, Union High the Philippines, and Altamont High will represent Finland at the second annual model United Nations conference to be held on the University campus **April 20 and 21.**

All 76 member nations of the U.N. will be represented by one of the 60 schools participating in the conference which is being sponsored by the Utah Assn. for the United Nations and by the U. Extension Division.

Featured speaker will be Mrs. Eleanor Roosevelt, former United States representative to the U.N. general assembly from 1942 to 1952. Mrs. Roosevelt, one of America's most prominent women, is chairman of the board of governors of the American Assn. for the U.N.

An ardent supporter of the U.N., Mrs. Roosevelt received the first American award in human relations in 1949, while a year later she won the Four Freedoms award and the Prince Carl Metal, the latter awarded by the government of Sweden.

Her talk is scheduled on April 20 at 9:30 a.m.

Plenary sessions will be held on the 20th, with committee reports and votes scheduled for the 21st. Essay and poster contests as well as special "coverage" by high school newsman also will be part of the program.

A N.N. dance and floor show is scheduled for the Union Building ballroom on the 20th as the main social event of the two-day meet.

A colorful procession of flags will open the event.

FIVE ENLISTMENTS REPORTED IN MONTH OF MARCH

During March, there were five enlistments in the armed forces and eight separations from the various branches of the military service by Duchesne County men, reports Mrs. Helen D. Odekirk, clerk of the selective service board.

Separations are listed as Delbert Leon Atwood, Bennie J. Barker, Ned Albert Clark, Lester Joseph Thompson, all from the Army; Clinton Abe Harris and Conrad Burdick Hollenbeck, Navy; Bryan Andrew Christensen, Air Force; Noel E. Rees, Marine Corps.

March enlistees are Thomas Ruben Broderick, Roosevelt, Army; Demecio Lucero, Duchesne, Army; Cecil LaVern Kofford, Talmage, Navy; Urshel Claude Taylor, Altamont, Marine Corps; Ray Mecham, Springville, Air Force, commissioned second lieutenant and assigned to active duty.

★ FINAL UTE TRIBE ROLLS . . .

(Continued from Page 1)

the largest cash settlement ever awarded by the United States Government for a land suit involving some 4.5 million acres of ancestral land vacated by the Ute Indians in Colorado nearly 70 years before. The windfall was divided between the Utes in Colorado and the Utes on the Uintah and Ouray reservation with some 17.5 million dollars being credited to the Utah Utes.

Insight Into Problems

The maneuverings, the controversy, prejudices, bitterness, and years of frustration which led to the development of the Ute Partition Act forms an interesting story and gives insight into the great problems of the Ute Indians.

Francis McKinley, who supervised the original three year program first developed by the Ute Indian and who was largely instrumental in shaping the many sided Ute problems into a definite plan of action resulting in the Ute Partition has consented to write the background and history of the Ute Partition Act in next week's issue of the Roosevelt Standard and Uintah Basin Record.

★ PRESIDENT SIGNS BILL . . .

(Continued from page one)

on construction of access roads to the dam sites and on erection of a construction camp at Glen Canyon.

The principal structures to be built are Glen Canyon Dam in northern Arizona estimated at $421,270,000; Flaming Gorge Dam on the Green River in north-eastern Utah, estimated at $82,942,000, and Navajo Dam on the San Juan River in northwest New Mexico, estimated at $36,592,000.

★ DUCHESNE JUNIOR PROM

(Continued from Page One)

members during this special program. Jane Cahoon and Jerry Christensen are also faculty advisors to the junior class.

Matrons and patrons of honor are: Supt. and Mrs. Rowan C. Stutz, Principal and Mrs. Farrell J. Humphreys, Mr. and Mrs. Clinton J. Mickelson, Mr. and Mrs. Ralph N. Rowley, Mr. and Mrs. Merlin Broadhead, Mr. and Mrs. Irvin A. Cole, Mrs. Sylvia Mecham.

Prom committee members are Douglas Mickelson, chairman; Shared Broadhead, Chloe Mecham, Stephen Rowley and RoJean Cole. Gail Stutz is junior class president.

Rendlesbach Orchestra of Vernal has been engaged by the junior class to play the theme and dance music for the Promenade.

The dance begins at 9 p.m.

MRS. WM. CASE HOME FROM CAFIFORNIA VISIT

Mrs. Wm. Case returned home Wednesday from Monterey, Calif. following a three months visit with her daughter and son-in-law, Capt. and Mrs. Harvey M. Hatch and family. Mr. Case met her at St. George, Utah. Her daughter, Francis, brought her there by car and her granddaughter, Parsy Lee also accompanied them. Mrs. Case states that in spite of heavy rains all through January, they were not endangered by floods in the Montery area. She says it is nice to be home again and she is happy to have had the visit, because Capt. Hatch has been alerted for Military duty in Germany and is now awaiting orders for departure in early summer. His family plans to accompany him overseas.
